

Schaefer Misting Fan

COOL DRAFT BLUE™

The Cool Draft Blue™ can cool up to 200 square feet for approximately five hours.

It has a 10 gallon water reservoir tank and includes a 25 foot outdoor-rated power cord with integrated GFCI. The Cool Draft Blue™ mist pump is rated for one gallon per minute output housed in a heavy-duty enclosure with a power cut-off tip switch.

Fan assembly includes a white powder-coated fan mounted to a yoke that is attached to the pump enclosure. The patented hub increases the air flow from the fan and releases mist in the "Sweet Spot" of the fans air stream. The mist hub has four .012 nozzles. One extra nozzle and two plugs are also included. Designed for sporting, commercial and industrial use. Total required amps for fan and mist pump: 2.15 amps.

Cool Draft Blue™ can reduce air temperature by as much as **30°F**

Optional cart with telescoping post for adjustable fan height. (Pictured right: Model CDB18C).

Ideal Applications:

- Rental • Outdoor Retail • Fire Departments
- Rescue Squads • Pools, Patios and Decks
- Construction and Job Sites • Sporting Events
- Tent Rentals • Camping/Resorts • So Many Uses!
